
ISO 14001: ENVIRONMENTAL POLICY

Bucks Recycling Ltd are fully committed to continual improvement to enhance our environmental performance, through constant review, to provide an effectively controlled environmental management system and service. This Environmental Policy Statement is applicable to all areas of our business and has been implemented to meet the requirements of ISO 14001:2015.

The company will comply with all relevant environmental legislation and other requirements, such as approved codes of practice. We will employ specialists where necessary to assist with environmental matters. We will ensure that we adhere to our Policy and Programmes, and address resulting actions identified through it.

Our objectives, Targets and Management Programmes for 2021 are:

1. •To continue to divert 100% of all waste processed in our WTS from landfill
2. •To reduce dust by using dust suppression systems approved by the LPA & The EA
3. •To upgrade from bronze to silver FORS (Fleet Operator Recognition Scheme)
4. •To educate all our employees on the environmental impacts of activities carried out at work and outside of work
5. •To support at least one local environmental community project
6. •To factor Global Warming into all policy and purchasing decisions
7. •To install Telematics on all HGV trucks so management can record and monitor, NOx, CO₂, fuel usage
8. •To trial an electric skip lorry as soon as one is available

In addition to these objectives, the TCM will carry out a weekly site inspection to monitor emissions and ensure the waste operations KPIs are being achieved. The Environment Agency inspect our waste operation regularly on an unannounced basis and these findings are on a public register.

Tricia Murray BA (Hons)
Managing Director

This Environmental Policy is displayed in our Front Office and is available to all personnel, visitors, contractors, and all interested parties. Employees are encouraged to read it and communicate any suggestions/comments to the Directors.
